**Ohio Veterinary Cardiology, Ltd.  
Client Consent Form**

I am the owner or agent of the above described animal and have the authority to execute this consent.

**Financial Information:**

I assume all financial responsibility for any treatment/diagnostic testing of my pet. I understand that the hospital policy is **payment in full** at the time that my pet is released. An estimate of cost will be provided during the initial consultation. This estimate will fluctuate as changes in treatment are instituted. A deposit of one half of the initial quote will be required prior to treatments. By signing below I understand that payment in full is due at the time of my pet's release.

**Client Information:**

I do hereby authorize the Ohio Veterinary Cardiology Practice and Metropolitan Veterinary Hospital and its veterinarians and their assistants to treat my pet in the manner that is considered to be necessary based on their clinical and/or diagnostic findings. I authorize the administration of necessary treatments, anesthesia, surgery and/or execution of necessary diagnostic tests and understand that there are certain risks with anesthetics, any medication and testing procedures.

**Client Information Sheet**  
**OHIO VETERINARY CARDIOLOGY LTD.**  
**Lori S. Hitchcock, DVM, DACVIM (Cardiology)**  
**Michelle N. Villalba, MS, DVM, DACVIM (Cardiology)**

Metropolitan Veterinary Hospital is a 24-hour central hospital for Northeastern Ohio. The hospital services are available to you and your pet during office hours, and in the event of an emergency, when Ohio Veterinary Cardiology office hours are over. The Ohio Veterinary Cardiology **office hours are held Monday through Friday from 8:00a.m. until 4:30p.m.** In order to better serve you and your pet, we request that the following calls be made during our office hours.

- **APPOINTMENTS**

You must call during regular office hours to schedule your appointment. The cardiology schedule books out months in advance. When calling to make an appointment, please try to schedule your appointment as soon as you are able. This allows us to accommodate your schedule as best as possible. Since we do schedule out in advance, we make confirmation calls several days prior to your appointment. If we do not reach you, we ask that you return our call to confirm and save your appointment spot. After a second reminder call with no response, your appointment may be subject to cancellation.

- **PRESCRIPTION REFILLS**

We will be happy to fill or call in prescriptions for your pet **during** Ohio Veterinary Cardiology office hours. **PRESCRIPTION REFILLS OUTSIDE OF OHIO VETERINARY CARDIOLOGY'S REGULAR BUSINESS HOURS (evenings, holidays, and weekends) MAY BE ASSOCIATED WITH AN AFTER-HOURS FILLING FEE.** We must have **24-48 hours notice** on medication refills. Please do not run out of your medications, as we cannot guarantee that they can be filled before your next dose is due.

- **PROGRESS REPORTS, TEST RESULTS**

Please call with updates or requested progress reports on your pet during Cardiology office hours. Usually, the doctor and technicians call with test results and return phone calls by the end of the next business day.

- **EMERGENCIES**

If you are experiencing a severe problem or emergency situation with your pet, please feel free to contact the Ohio Veterinary Cardiology practice or the hospital at any time, day or night. Your pet's health is of the utmost importance to us and we will do whatever we can to accommodate you and your pet in the event of a problem or emergency.

While the hospital does have staff on duty 24 hours a day, it is imperative that non-emergent phone call and prescription refills not be made during this time. Non-emergent phone calls should wait until normal business hours.
